## About Us

Farsight IT Solutions provides bespoke software development services using web technologies. We work in areas such as E-commerce website development, web enablement, product development, product migrations, web applications etc. Our solutions enable businesses to leverage leading-edge technology to gain sustainable competitive advantage in today's marketplace..

Farsight IT Solutions is backed by a team of committed, experienced and qualified professionals. The team is the firm's biggest asset. Unlike Industry standards.

Our strength is recognizing client needs and fostering an on-going relationship from initial contact to follow-up support. Keeping just the right balance of your industrial experience and our tech minds, our projects transform into long-term partnerships from day one. We go beyond collecting 'done it' certificates!!

Farsight IT Solutions has deep, end-to-end product development lifecycle experience in product domains such as ERP, Payroll, Portals, Search Engine Optimization, Security & Messaging.? Our experienced professional bring years of knowledge in these domains to our client's.
