Fin leg providing accounting services, audit and assurance services, payroll management services, tax returns services and new business start-USP services etc.

About Us

FinLeg offers strategic partnership to its clients, ranging from large corporations to end users and is able to provide a flexible partnership model that supports a variety of solutions, services and skills requirements of its clients by exploiting the synergy of FinLeg solution centers along with the capabilities of leading players.

We manage your accounting, legal and other back office processes to ensure your success in the market place.

We continue to keep your accounting system in your premises. You scan all paperwork and store them in a document management system in your premises. We access both remotely, process the paperwork and update your accounting system. We leave the documents created by us (invoices reports etc) in your document management system.

We offers a full range of bookkeeping and accounting services for small to mid-sized businesses. Depending on your company's needs, we partner with you as your bookkeeper, accountant, controller, business advisor, part-time CFO-or the entire department.
