## About Us

Today, as the world moves towards a more unified whole – Global Education is fast becoming the norm. Your college experience will be filled with new beginnings, academic opportunities and meeting new friends from around the country and world. However, the transition can be overwhelming as you'll be faced with selecting courses from hundreds of choices, over 2000 colleges to choose from, lengthy applications and daunting essays to write, many students need guidance. At "FOREIGN FOCUS EDUCATION", we can guide you through the process to ensure that it is an enjoyable and organized one.

From the first meeting to the time of decision letters, "FOREIGN FOCUS EDUCATION" can effectively guide you through the application process to help obtain individual goals. "FOREIGN FOCUS EDUCATION" with its experience is able to factor in variables such as Course Contents, Reputation, Location, Safety, Cost, Social Life, Business and Job opportunities etc. which cannot be ascertained by merely reviewing websites and brochures. "FOREIGN FOCUS EDUCATION" has been committed to facilitating a personalized match between a student and his/her future college. A combination of specific training and experience in the field allows "FOREIGN FOCUS EDUCATION" to recommend a college best suited to the strengths and interests of the student.
