About Us

Whether you are looking for a personal way to express your affection for loved ones away from you, or make that first impression which will make that special someone smile in years to come. we can provide just the right bouquet to deliver your message across. Being a family owned business, we believe that sending flowers should be a pleasure. That is why we use only the very best quality flowers under strict quality controls, Apart from our own stores we have a network of about 260 florists in India to give you the most reliable delivery service to create the most pleasant and smooth experience for you. At Fragranceflora , each order counts for us. Whether the order is large or small, customer satisfaction is our top priority, meaning that we are always dedicated to ensuring that our flowers arrive on time and in exceptional form every time. Like our customers, we believe that top quality products and service should only be expected as norm. What ultimately makes us unique, however, is the experience and expertise which our talented floral design team have accumulated from our past 12 years in the business. These attribute to the colorful inspirations which perfect our every bouquet, taking floral presentation into a whole new dimension which gives us the edge over our competitors. The artistic arrangements of colors and variety of flowers used at Fragranceflora means that for every occasion there is a specific selection to choose from. That is why our customers keep coming...
