Freesia Chemicals

<https://www.indiamart.com/freesiachemicals/>

Our company Freesia Chemicals is highly relied upon in manufacturing and supplying a variety of quality chemicals such as Industrial and Pharmaceutical. We avail these on very reasonable prices.

About Us

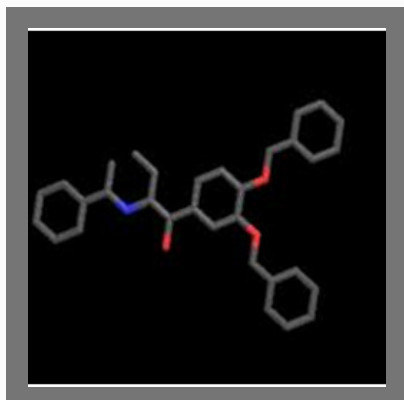

Established in the year **2002**, we “**Freesia Chemicals**”, have carved a strong niche for ourselves in the market arena of manufacturing and supplying a wide category of two types of major chemicals such as **Industrial and Pharmaceutical Chemicals**. We offer these chemicals at the most industry leading prices to our customers. These chemicals are in wide use at varied companies for manufacturing a number of pharmaceutical products as well as industrial products. These chemicals are processed using best quality materials and technologies. We are a small scale business entity that is indulged in manufacturing as well as supplying only special chemicals in order to cater to the growing needs and demands of chemical and pharmaceutical industries. For processing these varied and special chemicals we have developed a segregated and sophisticated processing unit, or to be precise, a chemical-development laboratory. Through this special infrastructure, we have been able to deliver our customers with this wide variety of chemicals such as **Cyclopentanol, 4-Phenyl-1-Butanol, Cyclopentyl Bromide, 1-Bromo-5-Chloropentane, Cyclopentyl Chloride, 1-5-Dibromopentate** and much more. We have established ourselves as reliable company that has continuously strives to produce high value and unique quality chemicals/intermediates. We have hired for our company a team of proficient and experienced scientists, physicists and other experts who strive to do their best...

INDUSTRIAL CHEMICALS

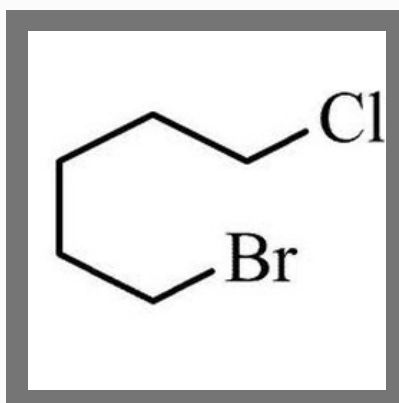

4-Phenyl-1-Butanol

Methyl 4-Phenyl Butyrate

Methyl-4- Phenyl Butyrate

1-Bromo-5-Chloropentane

INORGANIC CHEMICALS

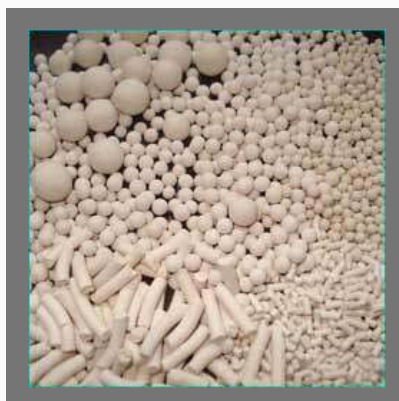

Molecular Sieve Type 3A

Molecular Sieve 5A

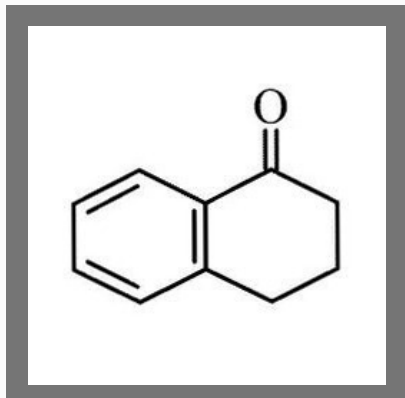

Molecular Sieve 4A

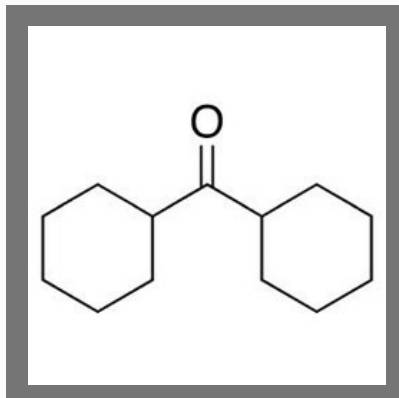

Molecular Sieve 13X

PHARMACEUTICAL CHEMICALS

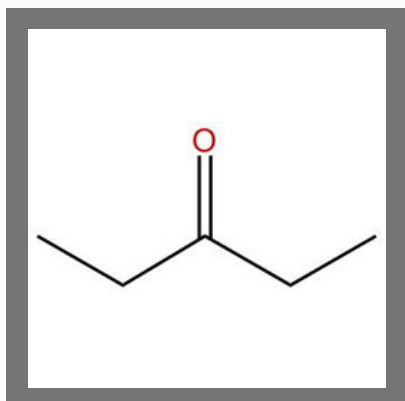

Our Products

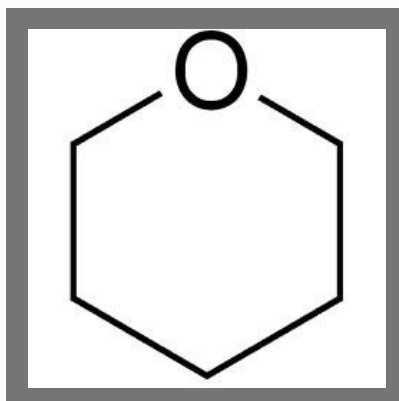

Alpha Tetralone

Dicyclo Hexyl Ketone

Diethyl Ketone

Tetrahydropyran

Factsheet

Year of Establishment : 2002

Nature of Business : Manufacturer

Total Number of Employees : 26 to 50 People
