About Us

In the future, the home will be the hub of all health care with all the technology being used in the field today pointing in this direction. For patients also, this is an ideal situation where they can heal faster and better in known and comfortable surroundings in addition to the advantage of being cost effective. Friska Home Health Care is founded by specialist doctors and technologists from USA, Canada with more than 25 years of experience in industry. We aim to bring high quality health care, offering comfort and convenience to the patient right at their door step. Friska Home Health Care is committed to:

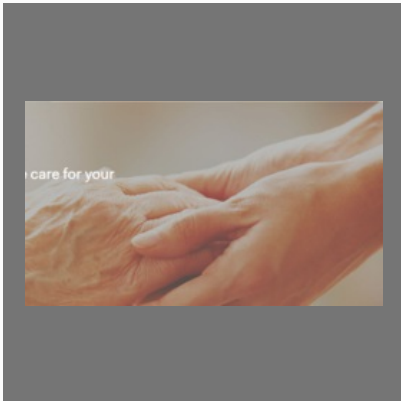

- Deliver high quality clinical care to achieve the best possible outcome for patients.
- Deliver customers with services and protocols that go beyond just medical care.
- Provide a healthy and satisfying work environment for qualified and trained employees.
