

F S Enterprises

<https://www.indiamart.com/fsenterprises-pune/>

We are a renowned retailer and trader of a variety of safety materials and welding accessories, tapes & adhesive and measuring instruments. These are known for their accurate reading, high efficiency and longer service life.

About Us

Established in the year 1999, at t Pune, Maharashtra , India, we, “**F. S Enterprises**”, are a partnership organization, engaged in distributing and trading of all types of safety materials and welding accessories. By providing an unmatched quality products to the customers, we have been able to achieve a turnover of 1 crore (INR). To ensure that we offer only flawless products to our customers, we have a well- equipped quality control unit, which is efficiently managed by our quality experts. They check every product stringently on the defined quality parameters. Also, we have a spacious warehouse unit, which helps us in storing the bulk amount of the products. Moreover, with the help of our wide distribution network, we are able to deliver our consignments to our customers within defined time frame. Guided by our mentor, **Mr. Shekhar G. Dhone**, we have been successfully engaged in offering best quality products to our customers. He is backed by an in-depth process knowledge, which has enabled our team members to work with perfection. They also take all the essential efforts towards maintaining the quality of our product range.
