We are a reckoned enterprise engaged in **Manufacturing and Supplying** a vast range of **PVC Cables**. This range is known for better flexibility, superior conductivity, and high tensile strength.

About Us

Ensnconced in the **year 1995**, we, **Fusion Cab**, are one of the prominent **Manufacturers and Suppliers** of a comprehensive range of **PVC Cables**. Our product range include **Submersible Cables, Housewiring Cables, Electric Cables, Multi Core Cables** and **Flexible Cables**.

Developed using premium quality raw material, this range is known for its featured attributes such as better flexibility, superior conductivity, and high tensile strength. Further, various testing methodologies are being implemented on these products, in the view to comply them with the on-going industry standards and guidelines. Widely applicable in different industrial sectors, this range is customized as per the demands of clients. A sophisticated manufacturing section has been built by us to strengthen our goal to offer an unmatched product line. Understanding the demands of our patrons, we offer the product line as per their specifications. In the view to make sure that our end products are defect free in nature, we have constructed a separate quality auditing section that takes utter care of the quality of products. In addition to this, we have introduced several payment modes such as cash, cheque and DD to expedite the budgetary transaction. Bounded to our policy that a seamless product reaches clients' end via different modes of transportation such as cargo and road within stipulated time, we have been able to win the trust and confidence of a customer-pool...
