About Us

Establishment in the Year **2015**, **G.B. Enterprise** are one of the most reputed manufacturers and service provider having a high-end expertise in developing industrial products. Based in Kolkata, West-Bengal, the company has been efficiently been able to cater to the specific needs of their clients with quality centric range of Water Treatment Plant, Softening Plant, Iron Removal Plant, DM Water Plant, Sewage Treatment Plant, Effluent Treatment Plant, Water ATM Machine and many more.

These products have been designed to cater to the multiple treatment stages involved in the standard procedures of water treatment and industrial waste treatment. These heavy industrial products have been developed as per various inputs received by our research and development team. The quality audits under which our products go through have been deemed phenomenal by experts mainly because of the low levels of defects that our products disseminate. We have developed a manufacturing process which is by far one of the best that the industry has to offer which adds value to the product that are offered by us. The raw materials used by us are of the best grade which guarantees long-lasting performance as expected. We understand the high-end importance of these products in the industry which is also further disseminated in the quality of them.

The entire operations of the business is spearheaded by the proprietor and highly skilled **Mr. Santu Pal...**
