

Giant Bio Care Agro Private Limited

<https://www.indiamart.com/giant-biocare-agro-limited/>

We are engaged in the manufacturing and supplying Inorganic Industrial Chemicals, Fertilizers, and Adhesives as per the changing requirements of our clients. These products are highly effective against all kinds of pests and insects.

About Us

We, “**Giant Bio Care Agro Pvt. Ltd.**”, are reputed manufacturers and suppliers of **Inorganic Industrial Chemicals, Fertilizers, and Adhesives**, which are widely used in different applications. Our products have got huge appreciation and applause from different industries and our clients in India and abroad due to their easy usage, quick solubility, precise pH value, and leading industry prices. The range of our products includes **Lunar, Monocare, Orbit, Oreacle, Ormida, Orphate, Pediclean, Power, Prothrin, and Thiodin**. We are facilitated with capacious infrastructure to store bulk items for an extended period. Further, our storekeepers help in protecting the finished products from outside contaminants till these are finally dispatched to the valued clients. In addition to this, we have given utmost importance to the high quality of products, which is ensured by our team of inspectors by checking the items on various parameters. Moreover, client satisfaction has been a major goal that has been fulfilled by our easy monetary transactions and timely delivery of products. The qualified researchers carry out tests and research to upgrade the products according to the emerging demands of the customers. Our mentor, '**Mr. Jinesh Patel**', has put in lot of efforts in nurturing the company from its grass root level till what it is today. His experience in the respective domain has ensured that all our production and supply processes are...
