Established in 2019, Giftzdaddy (A unit of JOBZ Daddy), one of the leading Manufacturer, Trader and Wholesaler of Awards And Trophies, Men Leather Wallet, Table Clock and more.

About Us

Established in **2019**, **Giftzdaddy (A unit of JOBZ Daddy)**, one of the leading **Manufacturer, Trader and Wholesaler** of **Awards And Trophies, Men Leather Wallet, Table Clock and more**. Ultimately we are re-imagining corporate gifting and loyalty, and restructuring it for the world we live in today, Care for us is pretty much a fundamental. It was our starting point and a thread that runs through everything we do. I guess at the start of this company we were exploring the idea that relationships aren't built on thoughtless freebies, and people need to know they matter. And so we've been rethinking corporate gifting with a view to turning brand values into real relationships. The team at "Giftzdaddy" wanted to build the technology that puts the customer first and the clients in control. "We've been building the business around a pragmatic poetic approach. The pragmatic piece is the technology. Our clients want to get gifts in the hands of their customers, and they need the technology to do that quite easily, and they need a level of logistics in order to do that fairly seamlessly. Not wanting to be just another gifting company taking orders from a catalogue.
