## About Us

Committed to deliver a comprehensive range of pumps for residential or domestic use. all company expanded its product range for water pumps by commencing manufacturing its own range of mini-monobloc and monobloc pumps in the year 2008. With the robust German technology and an experience of more than 10 years in submersible pumps, today EBARA is delivering a large variety monobloc pumps, both in horizontal as well as vertical executions. In addition, control panels "GARDO" and "Conti"- flat cables for pumps are added to the product range. These products are available in India spread across India and served round the clock by our well trained authorized service
