About Us

As an EU-GMP certified global company and an established hallmark for pharmaceutical standards, Global Calcium has stood the test of time since its inception in 1979 as Calcium India. Today, Global Calcium represents the true hallmark of quality when it comes to pharmaceutical products.

Globally Prominent Location

Armed with advanced technologies and the latest pharmaceutical innovations, Global Calcium operates from Bangalore in India, a central, global, business and market-savvy location. Given that India is just one position behind the largest pharmaceutical industry in the world, Global Calcium is posed to deliver premium health care products using the best of business excellence.

Excellent And Time-tested Management Team

Global Calcium is backed by an excellent management team comprising of industry specialists, technocrats, entrepreneurs and business specialists bringing in strong domain expertise in fields such as investment banking, to consulting to behind the scenes pure sciences. The company directors don't just sign checks at Global Calcium; they bring to the company their strong stewardship backed by life sciences domain expertise. Each director in our core management team has managed several leading trade bodies, both in India and in countries worldwide.

Continuously Evolving R & D Initiatives

Global Calcium prioritizes Research and Development over everything else; companies today are well aware that...
