## About Us

**Global (India) Bearing Corporation** came into existence as a **Partnership** based firm with its office located at **Kolkata, West Bengal (India)**. Since formation, we are engaged in the industry as a prominent **supplier, trader, retailer, wholesaler** and **dealer** of quality assured range of products such as **Industrial Bearing, Automotive Belt, Bearing Accessory, Aerospace Bearing** and **Chain Sprocket**. Our products ranges are finely finished and resistant against defects. Our ethical business policies and customer centric approach has helped us in becoming prominent name in the industry. We have established an extensive supply chain through which we are able to supply our products range to our huge number of clients across nationwide. Our team of professionals endeavors to understand the exact needs and demands of our clients, so that the products are delivered to them at par with their expectations. Our team of professionals endeavors to understand the exact needs and demands of our clients, so that the products are delivered to them at par with their expectations. We are growing in an efficient manner in the industry with the practical-cum- approach and strategies of our mentor, **Mr. Manish**. To strengthen the hold of the company over entire market, he prudently makes strategies in favor of the company. He is also responsible for lead generation, quality inspection and dispatch activities which are being executed under...
