About Us

GLOBAL INTERIOR was formed in 2014 to provide creative ideas in the field of Interior Design at Tuticorin, TamilNadu. Over the years we have designed and executed several prestigious and challenging projects. We are a company that believes that every project is a challenge in itself. This leads to in-depth research before a final design is presented to the client. We have matured into an organization which is not just another interior design company. Our Project List of Interior Architecture design projects all over India speaks for itself.
