About Us

Established in the year **2012**, we “ **Global Universal Import Export**” are a reputed business entity engaged in manufacturing, trading and exporting a versatile range of **Agro-Food Products**. Products that we come up with are Red Onions, Fresh Yellow Corn & Fresh Garlic. Our offered range of products is cultivated and processed by making use of qualitative ingredients that is obtained from the most valued vendors of the market. Qualitative ingredients like fertilizers, insecticides and pesticides are largely used in the processing of this range. In order to cater to our customers needs and requirements in the most suitable manner, we keep pace with their requirements and demands and ensure to offer them with a range that attains their maximum level of satisfaction. Keeping the organic quotient high, we have cultivated our range in the most systematic manner. Moreover our range is regarded for attributes such as longer shelf life, high nutritional content, freshness and safe packaging.

Recruited under us is a team of adroit and hard working team mates who hold unmatched expertise of this domain. Owing to their vast knowledge and industry experience, we have won over the trust of deemed patrons. These members accomplish all the work in the most systematic manner and aim to bring forth the best possible range of grains, vegetables and alcohol that is cultivated and formulated by making use of qualitative ingredients. Moreover, these...
