# Gluco World

<https://www.indiamart.com/gluco-world/>

Supplier of advanced blood glucose monitoring system, blood glucose monitoring system, pulse oxymeter etc.

## About Us

GLUCOWORLD is a leading supplier of POCT(Point Of Care Testing) and LAB DIAGNOSTICS products through sourcing state of the art technologies. POCT is defined as diagnostic testing at or near the site of patient care. POCT is accomplished through the use of transportable, portable & hand held instruments (eg. glucose monitor). The driving notion behind POCT is to bring the test conveniently and immediately to the patient. This increases the likelihood that the patient will receive the results in a timely manner, cost effectively.. MISSION Provide smaller, cheaper, faster & smarter POCT products & services in the local market. Establish global diagnostic standards in local markets. 24x7, personalized service .
