<https://www.indiamart.com/gmfengineeringcompany/>

We are the renowned manufacturer and supplier of Pre Engineered Buildings, Prefabricated Buildings, Prefabricated Structures & many more. Also, our company provides PEB Fabrication Services to the customers.

## About Us

**GMF Engineering Company is a sole proprietorship company** that was established in the year **1994** at Bengaluru in Karnataka, India. We are a customer oriented company and we have been **manufacturing and supplying** clients specific products such as **Pre Engineered Buildings, Prefabricated Buildings, Prefabricated Structures & many more. We provide PEB Fabrication Services** to our valuable customers. The products and services of our company are well known in the market for their high reliability and superior quality. We manufacture our entire product range by using quality approved materials and advance welding technology like submerged arc welding process (auto weld). Also, customer's specific needs and demands are kept in mind by our professionals while designing the structure and providing services to them. Clients are the first preference of our organization and their complete satisfaction is our prime objective. We have been maintaining a good relationship with our clients by satisfying them consistently and we get continuous orders from our clients established from the year 1994. Apart from this, GMF Engineering Company is working under the leadership of **Mr. George Orathel, General Manager** who has 34 years experience in manufacturing of pre engineered buildings. He has worked with M/s Best and Crompton engineering Ltd, who were pioneers in the field of PEB Structures for several...
