

# GOLDEN MACHINE TOOLS (REGD)

<https://www.indiamart.com/golden-machinetools/>

Manufacturer and exporter of single spindle lathe machine, facing machine etc.

## About Us

since the last century, machines have become indispensable in the industrial and commercial applications. Golden machine tools was established in the year 1981, with a mission to offer technologically advanced machines to several industries, incorporating value in their production capacity. We are a leading manufacturer, supplier and exporter of nut cutting machines, turning machines, tapping machines, etc. The company's strict adherence towards product innovation and client satisfaction has helped it to maintain a dignified reputation in the domestic as well as the international markets. We export 20% of our manufactured products to several countries worldwide. We realize the value of time and take extra efforts to ensure that our products are delivered within the stipulated time frame. Offering highest grade products at the most competitive prices in the market, has enabled us to garner a mammoth sales volume. The success story of our company can be largely attributed to our renowned clients like ahuja trader, national industries, mitter fasteners, j. K. Mohindra, j. C industries and many more such companies, who have been our patrons since many years. We are an active member of ssma (small scale manufacturers association). By imbibing the valuable feedback and suggestions of our clients, we make sure that new and improved products are manufactured by us at regular intervals. The company can also customize machines as per the needs and specifications of the clients.
