About Us

Incepted in the year **1978**, **Gopi Medical Stores** is established entity in the market, highly involved in **wholesale trader and supplier** an extensive assortment of **Hepcvir Tablet, Sofosbuvir Tablet, Declahep Tablet, Xbira Tablet and Tenofovir Tablet**. Offered products are prepared and formulated under the coordination of assiduous professionals by employing contemporary tools and supreme quality material in tune with market set norms and standards. These products are highly acknowledged for their non-allergic nature, longer shelf life and reliable packaging. Apart from this, we provide these products at very reasonable rates within assured time frame. We also provide these products customized packaging options as per the needs and demands of our customers.

Supported with well-organized and hard working professionals, we have been able to serve to the exact requirements of our respected customers in the most organized manner. With the assistance of skilled professionals, we have been competent to manage huge and bulk requirements in the most organized manner. We have been competent to promise safe and on-time delivery of the provided assortment, due to our outstanding transportation facility. By following client centric approach, we have been competent to comprehend the exact needs of our respected patrons in the most reliable manner.

Under the guidance of our mentor, **Mr. Mohit Bhandari**, we have been able to serve to an...
