We are an ISO 9001: 2008 certified company, which is engaged in manufacturing, supplying and exporting a premier range of Under Water Cutting Electrodes. These are known for their accuracy and easy operations.

About Us

Established in the year 2003, "Gouri Marines" is an ISO 9001 : 2008 certified company, which is engaged in manufacturing, supplying and exporting an optimum range of Under Water Cutting Electrodes. Our firm comprises highly seasoned experts in chemical engineering, material science, mechanical engineering, electronics and electrical engineering. We offer various value-added services like customized research, product development, technical support and on-site evaluation. Our under water equipment are mainly used in refloating of stranded vessels and clearance of navigable harbor areas of wrecks and grounded ships. These are used by government agencies as well as private companies in the Indian Subcontinent, East Asia, Middle East and South East Asia.

We have a strong focus on quality and systematically implement our quality control program, which is also certified by RINA India. Our products are guaranteed to be free from any manufacturing defects and we also provide free replacement in case of any glitch. We have a state-of-the-art infrastructure, which is installed with the most advanced equipment for efficient and effective manufacturing.

Our organization is mentored by 'Mr. Girish Kumar', who has efficiently deployed his resources for the success of the establishment. Owing to his expertise and business acumen, we have carved a niche for ourselves in the industry.
