About Us

Established in the year **2010**, we, "**Grand Venture Private Limited**" are one of the most reliable suppliers and exporters of different types of **Pharmaceutical Formulations**. These medicines are used in the treatment of different types of diseases and ailments. Our medicines are known for being stable and accurate in composition. These medicines are prescribed by renowned doctors and medical practitioners across the globe. We are associated with reputed pharmaceutical companies from which we procure these medicines. After procuring, we safely store the medicines in our cold storage unit so that these remain safe from heat. We check the expiry date of the Pharmaceutical Formulations before offering these to the clients. Moreover, market survey is also conducted by our experts for product potential. Our professionals are always updated with the changing governmental policies and hence, we are able to carry the business practices as per the norms laid down by the governmental bodies. Owing to the effort of our sales team, we are able to deliver the consignments to our clients within the stipulated duration. Our mentor "**Mr. Ashish**" is a man with an extensive knowledge about various types of drugs. He is responsible for managing the different activities of our organization. Owing to his leadership qualities, every department functions efficiently.
