A complete solution from publishing to print. Graphic world offers you an affordable high impact design with wide variety of design services like digital printing, flex and vinyl printing, business card etc.

About Us

Graphic World started out humbly as a complete solution from publishing to print, but then quickly saw the potential for harnessing the power of the internet and social media to raise awareness and to make a difference in our world. Originally the brain-child of Syed Amir Iqbal, today Graphic World proudly employs 3 full-time individuals and a team of now over ten contributing creative designers, writers and photographers. Through the power of Colours that bring vividly alive for both the personality of Graphic World and my design preference.
