Green India, having its base and manufacturing facilities in Chennai, India with a small tannery for manufacturing of finished leather located in Europe.
In the initial years, the Company focused on supplying high quality leather.

About Us

GreenIndia, having its base and manufacturing facilities in Chennai, India with a small tannery for manufacturing of finished leather located in Europe.

In the initial years, the Company focused on supplying high quality leather to the overseas markets.

Gradually, steadfast to the pursuit of opportunity, the group became one of the most recognized and renowned international manufacturers of finishedleather and footwear products by it's own brand TEDISH, as another entity for Organic Tedish SAS acquired stakes in a footwear manufacturing group Green India having its registered base and HQ in Pune, with its state of art Footwear manufacturing unit, based in Ranipet, Tamil Nadu.
