About Us

Swarup Education Society established by Prof. M.S.Rajput in 2005 believing education is one of the effective sources to introduce ONESELF to HIMSELF.

Educating these young, fresh, innocent kids in a way that would lead them begin to think, to observe, to learn not from books but learn for themselves by watching, listening to everything that is happening around them, by believing in themselves, they will grow up to be a different human being - one who cares, who has affection, who loves people.

Our mission is to serve society by creating innovative, energetic and able mind.

Education has produced vast population able to read but unable to distinguish what is worth reading. This is because we do not understand the actual meaning of education. What we call education is a matter of accumulating information and knowledge from books. The right kind of education should also help the student to discover what he is most interested in. If he does not find his true vocation, all his life will seem wasted and he will feel frustrated doing something which he does not want to do

Understanding comes only through SELF-KNOWLEDGE, which is awareness of one's total psychological process. Thus education, in true sense, is the understanding of oneself.

Greenery's mission is to introduce ONESELF to HIMSELF by creating a learning...
