## About Us

“The very idea of opening ग्रेहकॉम came into existence during the first lockdown announced by Hon'ble Prime Minister of India. While the lockdown was announced we the core team of ग्रेहकॉम were shopping in malls / kirana stores / mom and pop stores, etc. and like any other family were shopping and hoarding eatables (all types) without even thinking whether we need to buy it or not inspite of being told by Hon'ble Prime Minister not to hoard the eatables and buy as you buy normally.

Then came the very idea of delivering food products / ready to eat – namkeens and snacks to munch during this time as most of the families were at home and everyone can sit together and have the food and tea. .

As soon as we started researching on the food industry and the deliveries to be done, we decided to take into confidence all Small and Medium Enterprises who are able to sell their products in local market but neither can advertise nor can expand due to various reasons like no know how, issues related to finances, no marketing team, etc.

Now the team of ग्रेहकॉम started visiting these manufacturers and it was noticed that if ग्रेहकॉम and deliver their products to the end customer the manufacturers can not only make new products but also increase their market share and reach. And hence it was decided by Team ग्रेहकॉम that we open such a proprietary concern which can take...
