About Us

Incepted in the year 2000, Grishma Chrom Materials is a principal manufacturer, supplier and exporter of Chromium Metal Powders and Nickel Metal Powders. The offered range of products is developed using optimum-quality material which is acquired from certified vendors of the industry. Under these categories we offer Chromium Metal Powder (Coarse), Nickel Metal Powder (Coarse), Nickel Metal Powder (Fine) and Chromium Metal Powder (Fine). These are made-up using the contemporary technology in comprehensive association with international quality norms & guidelines. These are generally commended and praised for their purity and accurate composition. Apart from this, these products are highly available at very affordable prices within stipulated time frame.
