Gujarat Exim Established in 2005, Gujarat Exim ranks amongst the leading Indenting firms in the field of Agro based Commodities and food products in India.

## About Us

- Gujarat Exim is your professional partner in the Oil Seeds, Spices, Raisin and other Agriculture food commodities business. Our experience and the volumes we buy from the origins enable us to deal at the best market prices. Our hands-on approach, besides our regular market reports, updates on crops and the available quality are central to our activities. It does not end with the contract; it just begins – quality checks, documentation, timely shipments and preventing complications are customary to us. Some of our suppliers are old friends of ours and these strong personal ties have augmented even stronger business relations.
- The volumes processed today enable the buyers to directly buy from the origins. While supplying to the end-user, buyer cannot afford to not be aware of the traceability. Moreover, margins being tight, buyers must be absolutely convinced that they are buying the right quality at the right time and of course, at the right price.
- The fact that our team has been in the spices trade for over a decade now, is testimony to our continuous commitment to integrity and honesty - the cornerstone of any successful relationship
- No matter how much you buy through us, you will never be charged for our consultancy.
- Gujarat Exim is your objective and independent extension in places of origin. But there is more value to be added, more and more industries are looking for processed products. Modern industries...
