

Gujarat Narmada Valley Fertilizers & Chemicals Limited

<https://www.indiamart.com/gujaratnarmada-valley-fertilizers/>

Manufacturer of nitric acid and fertilizers.

About Us

Gujarat Narmada Valley Fertilizers & Chemicals Limited.(GNFC), is a joint sector enterprise promoted by the Government of Gujarat and the Gujarat State Fertilizers & Chemicals Ltd.(GSFC). It was set up in Bharuch, Gujarat in 1976. Located at Bharuch in an extremely prosperous industrial belt, GNFC draws on the resources of the natural wealth of the land as well as the industrially rich reserves of the area.

GNFC started its manufacturing and marketing operations by setting up in 1982, one of the world's largest single-stream ammonia-urea fertilizer complexes. Over the next few years, GNFC successfully commissioned different projects - in fields as diverse as chemicals, fertilizers and electronics.

Since inception, GNFC has worked towards an extensive growth as a corporation. A growth which respects the environment and springs from the progressive vision of GNFC. GNFC today has extended its profile much beyond fertilizers through a process of horizontal integration.

Chemicals/Petrochemicals, Energy Sector, Electronics/Telecommunications and Information Technology form ambitious and challenging additions to its corporate portfolio. GNFC has an enterprising, strategic view towards expansion and diversification. Amidst sylvan surroundings and lush green landscapes, nestles Narmadanagar, a peaceful abode for those who make GNFC what it is. A Club House, Tennis Court, Swimming pool and an open air theater provide recreations for GNFC personnel.
