About Us

Shree Gujarat Timber Corporation is a well-known enterprise engaged as a manufacturer, exporter and supplier of a versatile range of Doors, Windows, Doors & Windows frames and Shutters. Our main strengths are supreme class quality products, top of the line design and advance technology that we use to make classic range of architectural Doors. High durability and super fine finishing has developed a good reputation of our products among architects, interior designers and public sector organizations. We aim to produce only high quality and international standard products at our fully equipped manufacturing plant. We use diverse range of latest techniques and state of the art machinery in order to make no compromise with the quality. Our products undergo the most stringent quality control checks that are finely tuned to meet the highest customer satisfaction. We have been ISO 9001:2000 certified that further speaks volumes about the quality of our goods. We follow the policy of exceeding customer's expectations by providing superior quality products, matched with superior service at competitive prices. We have all the potential to create a distinct identity for ourselves in the international market.
