We are one of the leading manufacturers, wholesalers and exporters of Diamond Laser System and Spares Parts. All these products are acknowledged for their dimensional accuracy, corrosion resistance, low power consumption and durable nature.
About Us

Established in the year 1993, we, “Hari Krishna Laser Technology, Surat”, are engaged in manufacturing, wholesaling and exporting world-class Diamond Laser System and Spares Parts. Made using excellent quality raw material, these products find wide application in numerous purposes such as cutting of stones into fancy shapes. For meeting the clients’ demands, we provide these products in a myriad of colors, shapes, designs and sizes. Furthermore, as per their choices and preferences, we also customize our gamut of products. The widespread distribution network helps us in on-time and hassle-free delivery of the products. Our world-class infrastructure is installed with machines like planner, drilling and special purpose. The hardworking and competent professionals are persistently working hard to meet the desired objectives of the organization. Furthermore, with the help of our inbuilt communication system, we provide prompt reply to clients’ queries. We owe the credit for our success to owner “Mr. Shailesh Kheni”. Along with his competent team, he is striving hard to meet the objectives of the organization. He holds immense knowledge and expertise in his respective purview. By his competency and leadership skills, he has proved himself to be a successful entrepreneur.
