We are a Niche Consulting and Software Implementation company focused solely on the following industries:

- Chemicals and Polymers
- Power Generation

## About Us

We are a Niche Consulting and Software Implementation company focused solely on the following industries:

- Chemicals and Polymers
- Power Generation
- Metals and Mining
- Hydrocarbons
- Pharmaceuticals

This focus stems from our expertise in areas that run common through the “Process Industry” and the challenges it faces today.

Within these industries we are focused on using our industry expertise and software to solve some of the hardest problems to day- whether they are in the Supply Chain, in your Plant or Energy and Emissions

Through our experience of working with our customers, we believe, this razor-sharp domain focus and our innovative and optimization offerings, we will be able to solve any problem posed!
