About Us

Established in the year 2009, Hema Cork Industries are an ISO 9001-2008, IS: 4253: Part II. 2008 and IS: 4253: Part I. 2008 certified organization. Since our establishment, we are engaged in manufacturing and supplying a technologically advanced range of Cork Products. Extensively demanded in engineering and transformer industries, our range is well-known for its dimensional accuracy, high tensile strength and suitable hardness. These types of products are fabricated using superior quality raw material, which ensures good compressibility and recovery by using Cork Granules. With the support of our dexterous team of professionals and state-of-the-art manufacturing unit, we are able to manufacture a range that stands high in quality and is at par with industry standards. Owing to our commitment, dedication and vast experience in this domain, we have been able to take new strides in the related industry. Further, our management is also continuously re-engineering the high performance of the range on a regular basis in order to meet the changing demands of the clients. Moreover, the range that we offer is nationally marketed under the brand name “Maruthi”. Seeking the able guidance of our Chairman/CEO/Director/Founder, Mr. M.N.U.S.S.N. Chowdary, our company has grown by leaps & bounds and has reached great heights of success in this highly competitive industry. His expertise and deep...
