Hexagon Product Development Private Limited

https://www.indiamart.com/hexagon-alphie/

we are India's largest 3D mixer manufacturing company based at Vadodara.
About Us

Established in the year 2001, we, ‘Hexagon Product Development Private Limited’ are an ISO: 9001 certified manufacturer and supplier of an exceptional gamut of Engineering Products. We are a Limited Liability/Corporation (Privately Held) organization, which is based at Vadodara (Gujarat, India). The products offered by us are manufactured from high-grade raw material, which is procured from the vendors of high repute. Our products are highly demanded in various industries such as nuclear, explosives, food, pharmaceutical and cosmetics for their optimum durability, high performance, sturdy construction and superior finish. We have established a sophisticated infrastructure at our premises, which is equipped with high-tech machinery and advanced technology. This helps us in the swift production of the range. For proper execution of all the tasks, we are greatly supported by highly experienced and qualified professionals. Furthermore, before the final delivery of the products to the clients’ destination, these are stringently checked by our quality inspectors. Besides, owing to our customization facility, convenient payment options, easy shipment modes and timely delivery of consignments have helped us garner a huge clientele across the country.
