A One stop source for all your electrical AC/DC Machines lab, Power electronics Drives, Control & Process Instrumentation, Communication, RF & Microwave, VLSI & Embedded lab equipment etc., contact us through hiq.1993@gmail.com

About Us

Commenced in the year **1993** , **Hi-Q TEST EQUIPMENT PVT. LTD.** is counted among the topmost companies in the market. Our firm is located at **Hyderabad, Telangana (India)**. We are the leading **manufacturer of Storage Oscilloscope, Handheld Oscilloscope, Waveform Generator, Power Supply and many more.** These products are manufactured by using best quality raw material. All these products are timely provided by us. These products are known for their unmatched quality. Assurance to provide better quality assortment and making shipment within stipulated time frame are some vital factors that enable us positioning a distinguished niche in industry.
