# High Bond Industries

<https://www.indiamart.com/highbondindustries/>

We are a reputed manufacturer and supplier of two pack epoxy adhesive, PVA water based adhesive, solvent cement, synthetic rubber based adhesive and HDL lime binder. The products are easy to use and reliable in nature.

## About Us

Established in the year **1986**, we, **High Bond Industries**, are one of the distinguished organizations engaged in manufacturing and supplying two pack epoxy adhesive, PVA water based adhesive, solvent cement, synthetic rubber based adhesive and HDL lime binder. Eco-friendly and long lasting, the product range is widely demanded by clients across the nation. We have recruited a team of dedicated and sincere professionals to ensure smooth business operations. Our experts strive to gauge the market inclination and offer recommendations to our production managers. The quality controllers make sure that the range is thoroughly tested on various quality parameters such as resistive properties and chemical effects before it gets dispatched. With our wide distribution network, the products get delivered to the specified destination within the stipulated time frame. Further, as our future plan, we are working towards venturing into the international markets. We are headed by our managing director, **Mr. Hasmukh Patel**, who is backed by valuable industry experience. With his excellent leadership capabilities and constant supervision, we have touched new heights of success.
