About Us

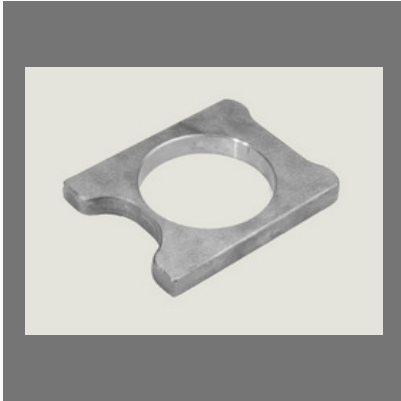

We have come a long way since we started operations in 1971. Today, we are one of the reputed suppliers of hot and cold forged components and sub assemblies to a number of industries including two wheelers and four wheelers in India. We are continuing to expand and grow. You will be glad to know that we have set up a our third plant in Ludhiana to meet the increasing needs of our customers. We are also happy to inform you that we have been ISO/TS 16949:2002, ISO 14001 : 2004, OHSAS:18001:1999 certified for manufacturing of forged and machined auto and other engineering products testifies our commitment to quality products, clean environment and better health for its employees. The Company witnessed tremendous growth since its inception. Our activities are now spread over three well laid-out and sprawling locations in an area of 7838508 sq .ft.
