## About Us

Over the past three decades, HFCL has delivered innovative, customized and competitive products and latest solutions in the high technology telecommunications infrastructure sector, thereby enabling its customers to stay ahead of their peers in technology and network efficiency. The Company's focus has been to cover the entire value chain from the manufacturing of leading edge telecommunications products to implementation of telecommunication networks such as, creating the infrastructure for optical fibre cable and mobile networks. The Company specializes in the manufacture of telecommunication equipment, optical fibre cables and intelligent power systems. As a telecommunication solutions provider, the Company has implemented several greenfield projects, including the setting up of CDMA & GSM networks, satellite communications, wireless spectrum management and DWDM optical transmission network. As one of the largest companies in the field of providing telecommunication infrastructure, HFCL has implemented over 25,000 2G /3G cell sites and rolled out close to a 100,000 kilometres of optical fibre cable networks for telecommunication companies, railways, oil & gas industry and high security applications as required by the Defence and internal security establishments. With a country-wide presence and over 2,500 employees, the Company is currently executing comprehensive pan India optical fibre cable and GSM networks and other specialised projects in the high...
