

Hindustan Pipe Fitting Company

<https://www.indiamart.com/hindustanpipefittingcompany/>

We are one of the leading manufacturer and exporter of world class range of steel flanges, couplings, pipes and reducers in various components manufactured from quality raw material procured from quality vendors in India.

About Us

Hindustan Pipe Fitting Company was established many years ago by **Mr Nitesh Jaiswal** in Chennai to be a leading manufacturer and exporter of a wide range of **flanges, couplings, pipes and reducers and components** for use in various industries using flanges and couplings. Our range of products include **flanges like slip on flanges, weld neck flanges, lap joint flanges and socket weld flanges; couplings like half couplings, full couplings, screw welds and socket welds; mild steel carbon steel pipes and reducers in concentric and eccentric types.** Our products are used by many industries like metal and steel industries, chemical and medical industries and automobile industries. With our strong desire and sheer commitment to offer quality products to our foreign clients, we have established a good infrastructure facility comprising of manufacturing unit and other related units to take care of quality production. All our units are fully equipped with the requisite machineries and manpower to undertake various orders and complete the same with total dedication and desire. The company has also employed well qualified and experienced staff members to look after the interest of the company. We also attach importance to quality and customer care. To achieve these we adopt various policies according to the changing trends and applications in various industries. Our ethical business principles and desire towards total completion have been...
