About Us

During the period when the mobile service providers were gradually reducing mobile call tariffs and increasing service coverage in rural India, there was huge requirement of affordable yet reliable handsets for masses. At this crucial juncture of telecom revolution a brand Hitech was born at Kolkata in 2008 and within very short span of time it become very popular across Eastern India. The brand is synonymous with affordable cutting edge products. The market has recognised its effort of removing price barriers on smartphone categories.

Hitech mobile is now one of the highest selling Handset selling brand in Eastern part of the country. After strengthening its footprint in the East the brand has gradually increased its attention across the country through its 15 branch offices. Now the brand is also available in SAARC countries.

The visionary promoters and a highly motivated team coupled with a strong distribution network, in house R & D setup, multi layered quality control system & a strong service center network, these are instrumental factors to transform the brand as one of the most popular and successful Handset brand from the East. On an average it sells 2 million pieces per annum.

Hitech has a wide product portfolio that includes tablets, feature phones and smart phones at multiple pricepoints to suit all categories of consumers. Hitech markets its products under Amaze & Air series of Android based smartphones, Youth series of Internet...
