We are one of the leading manufacturer and supplier for water treatment and purification devices like water purifiers, water dispenser, air purifier and megasonic cleaning device.

About Us

Established at Surat, Gujarat, India, we “Hi-Tech Sweet Water Technologies,” began our business operations by the name of Hi-tech systems and started the business by importing domestic and commercial reverse osmosis- based mineral water plants from USA in 1995. Other than this, we also began to sell, install and maintain these systems in Indian local markets. Since then, with gained expertise we have engaged ourselves as manufacturer of water treatment and purification devices. Presently, we have developed coveted reputation of being pioneers in introducing reverse osmosis based water purification systems in india.

Our business operations are led by Mr. Bhadresh Kapdi, who has with him rich experience in our industry sector. As the first company dealing with RO systems, his visionary guidance as well as strong service support provided by experienced professionals has helped us to emerge as an ISO 9001: 2000 certified company (TUV Rhienland, Germany) in 2003 that reflects our Quality Management System and Product Design, Manufacturing, Installation and After sales services for Commercial & Industrial R.O. Water Treatment Plants and Domestic R.O. Water Purifiers. We are also certified by C.S.P.O. Gandhinagar, NSIC, as well and have also achieved NSIC-CRISIL Rating for Highest Performance Capability with Moderate Financial Strength rating SE 1B.

Today, we have emerged as a leading company in the field of commercial, domestic and...
