About Us

Hithaushadha Herbal Concepts found a place for itself in the Kerala Ayurveda map in October 2017 as Ayurvedic Medicinal Manufacturers. Dr. K.P. Chandrasekharan Nair, with immense experience in the field of Ayurveda, exceptional Government service along with being an Educator and sole Practitioner, heads the institution and is ably assisted by his son Dr. G. Krishnadas. Dr. G. Krishnadas is a well-experienced Practitioner with a splendid career history, which associates him with some of the reputed firms in Kerala Ayurveda Industry. The experience and expertise of these men in the field of Ayurveda, along with the rich family tradition of Dr. K.P. Chandrasekharan Nair and his son Dr. G. Krishnadas, virtue of them being members belonging to an Ayurvedic family with a history of around 300 years in the field of Ayurveda treatment and medicinal preparations, has made Hithaushadha a much desired destination.

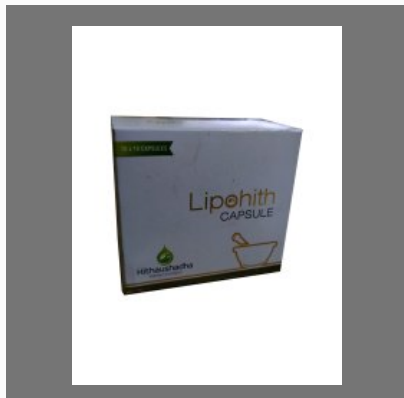

The products launched by Hithaushadha have already earned an excellent reckoning, with many doctors prescribing the medicines for their patients and recording exemplary results. Patients too have registered their affinity towards these products, because of the quality to provide instant relief without any after effects or side effects.
