We provide industrial sourcing solutions to international buyers for engineering products and a host of value added services that meet the specific requirements of our clients. We act as an active interface between the buyer and the seller.

About Us

“**HMP Mercantile Corporation**” started its business in 2001. We offer extensive range of products like **plate flanges, forged flanges, sheet metal components, turned and machined components, gears and shafts and others**. Along with this we provide a range of services that fulfill the specific demands of clients. Our some value added services are:

- To source the best manufacturer as per the buyer's requirements
- To arrange the quotations/samples
- To act as a communication bridge
- To monitor the manufacturing at all stages
- To ensure that the supplies are made as per the schedules
- To make the necessary follow up as advised by the buyer

With the help of our team of professionals, we assist the buyer to source the right mercantile from the best manufacturer at affordable price with a best delivery. Basically, we do not manufacture, sell & export any product. We have established ourselves as one of the reputed sourcing agent in India. We work as an interface between the buyer & seller to facilitate the business. We specialize ourselves in area of product development, production inspections, timely deliveries, coordination & communication etc. All the orders will be directly executed by the manufacturer. Buyer gets the advantage of having a back office like support based in India.
