About Us

Incepted in the year **2014**, in **Nagpur (Maharashtra, India)**, we “**H. N. Distributors**” are engaged in **Wholesale Trading, Exporting and Distributing of Surgical Equipments, Surgical Staplers, Surgical Stapling, Knotless Tissue Control Device, Ligation Products, Adjunctive Hemostat, Portable Oxygen Concentrator, Biopatch Protective Disk, Face Mask, etc.** These surgical products are manufactured by our reliable vendors making use of latest technology and high-quality basic material. Our vendors manufacture these surgical products in adherence to the set international quality standards. These surgical products are highly demanded in the medical industry for their unique feature like excellent pliability, easy to tie, dyed blue for better visibility, lightweight, tensile strength, sleek design and backlit LCD display. These surgical products are made available in safe and waterproof packaging option to provide safer delivery at user’s end. To store the offered surgical products in a safe manner, we have a well-furnished warehousing unit.

In order to provide high-quality surgical products to our clients, we linked with the reliable vendors of the industry. We have chosen our vendor on the basis of their economic position, past record, market reputation, manufacturing techniques, product quality and industry experience. In order to deliver a high quality at client's end, these surgical products are checked...
