About Us

We feel glad to add a feather to our hospitality business – Hotel Ashish in Bharuch. Hotel Ashish, an alley for food lovers have always been appreciated by our customers since 2009. It is our customer's appreciation and support that has motivated us to improve and create the best possible environment to deliver the expectations. Taking this further, we are coming up with hotel services that will have 26 contemporarily designed Deluxe and Executive rooms. The design of the rooms, the tariff, facilities, amenities, etc., have been kept as a wholesome package for business travelers as well as family guests. However, our topmost priority, as in our food business, is and will always remain 'Customer Satisfaction'. The hotel will open in the first week of February 2013. We invite you to experience our new service.
