<https://www.indiamart.com/hotspotexpress-trichy/>

Offering wifi hotspot billing software.

## About Us

We enable service providers, enterprises, communities and home office users to activate, maintain and manage Wi-Fi and Mesh networking solutions. iSpot's developed online dashboard and firmware for access point's to speed up deployment of high speed Internet access.

iSpot's dashboard-networking solution combine an intuitive user interface with advanced middleware based on OpenWRT, which ensure that the user is always up-to-date and benefiting from the most advanced features and functionality in the industry.

This networking solution allows customers to deploy update and manage Wi-Fi, Mesh devices, while eliminating the complexity and reducing total cost of ownership. We have been in the billing solution business since 1997 in its earlier name EasyBrowsing. Initially, it designed billing solution to address Internet Café. Till today we have more 10000 installations across the globe.

Since beginning of millennium, hotspot Express started developing solution for WiFi systems. It has been one of the pioneers of WiFi billing solutions iSpot Hosted billing solution which includes of end-to-end process of creating, maintaining and profiting from an "Internet Cafe Hotspot". Starting with a WiFi Gateway, you can support all WiFi-enabled Laptop and PDA users. iSpot comes complete with user authentication, subscriber billing, credit card and Prepaid Card processing and more! iSpot specializes in...
