About Us

Welcome to Humans Of JIET Jodhpur, LOcated At Jodhpur India. An initiative to bring people from all aspects on one platform. Our motive is to showcase the life of few to everyone. We often overlook certain facts and figures regarding the very place we are a part of. This is a techno freak world where technically we all are connected but feeling connected is another story. We are all cocooned in our own shells and living in the shadow of social media. In order to reveal those deep down opinions and to connect with people we planned to do something where we could give a platform to the unsung outlook.
