About Us

Ideal Designs, is a multi-disciplinary graphic design consultancy We provide design services across the full spectrum of graphics, identity, products and communication. Our multi-disciplinary structure, with forms from different disciplines working in the same environment, promotes a culture of interchange that adds tremendous value to all creative thinking. OUR SERVICES INCLUDE THE FOLLOWING: Corporate Brand Identity: Ideal Designs is committed to creating functional and innovative designs that suit the clients needs. Our endeavour is to partner with Indian clients where design plays a huge role in their business. Our research techniques help our clients develop identity and designs, which are drawn from the immense depth and the very fabric of Indian culture. We believe that effective designs act as a powerful tool to drive the corporate vision and align its internal and external forces. Brand Identity and Packaging: We understand design is not about how it looks and feels, it's about how it works. Our talented and experienced pool of designers ensure your packaging subverts stereotypes and breaks clutter at the shelves of the retailers. Retail and Environmental Design: A country, which until recently was known for small 'kirana' shops has come a long way in retailing. With throes of change in the economy, and high footfalls, retail establishments need to communicate more than ever before. Ideal Designs understands retail outfits are powerful places to engage...
