

IIHT Cuttack

<https://www.indiamart.com/iiht-cuttack/>

The goodwill is not only because IIHT provides skilled manpower in the areas of hardware, networking, database management, security and storage management, but also because the students are taught the latest technology advancements in the industry.

About Us

IIHT is amongst Asia's top IT training organizations. We started operations in the year 1993 and have continued to grow exponentially since then. IIHT's business has grown at 40% CAGR year after year. During this phase, IIHT had been successful in carving its goodwill in the industry. As a result, some of the renowned Fortune 100 organizations rely on IIHT for catering to their manpower requirements. The goodwill is not only because IIHT provides skilled manpower in the areas of hardware, networking, database management, security and storage management, but also because the students are taught the latest technology advancements in the industry.
