About Us

IKRA Clothing has a humble beginning in the year 2013 in Bangalore, India. Today, it has become one of the most sought customized fashion brand, and has dressed many glamorous Kollywood actors, corporate giants and many others fashion freaks. Its repertoire includes party wear for women & men, bridal wear, Indian wear, corporate wear, a diffusion range, kid's wear, haute couture on-demand etc. IKRA Clothing is spearheaded by Ms. Mila T (Fashion Designer Head), she has over 5 years of experience in fashion designing world. She is known for her strong sense of color, distinct concept, and occasional based fashion wear. Apart from films and fashion, IKRA Clothing has also taken up an initiative to give a professional course in fashion designing, as the quality of training in the market has greatly compromised in many ways (not all though). But this initiative works purely on demand; it also welcomes a genuine fashion designer who wants to do an internship. The best way to know more about our stylish IKRA world is to visit us or connect with us. Thanks for spending time reading this. Cheers!
